

ASCE NORTH JERSEY BRANCH Geotechnical Technical Group Presents

Present and Future Developments in the Meadowlands

By **Thomas Marturano, PE**, Director of Solid Waste and Natural Resources, New Jersey Meadowlands Commission on Thursday, April 3, 2008 at the Newark Club, One Newark Plaza, in Newark, New Jersey.

Tom presented an overview of the present and future developments in the Meadowlands area. This included EnCap, Xanadu, Giants Stadium, Solar Power Initiatives, Landfill Remediation, Wetlands Enhancement and Mitigation Banking and LEEDS Program. The presentation explained how each of the major projects fit into the NJMC's Master Plan and the technical challenges associated with these projects.

Tom has been with the Commission for 24 years. He is the Director of Solid Waste and Natural Resources Group of NJMC. Tom is a registered engineer and a member of ASCE.
